PROPÉT TECH ICONS

These icons will help you quickly identify the technical features of our footwear throughout the catalog.

MEDICARE APPROVED

These styles have been approved for reimbursement under the Medicare Therapeutic Shoes for Persons with Diabetes Benefit.

MEDICARE PENDING

Pending approved for reimbursement under the Medicare Therapeutic Shoes for Persons with Diabetes Benefit.

WATERPROOF

Feet will stay warm and dry with these styles that have been specifically designed to keep water out.

WATER FRIENDLY

Don't be afraid to get these shoes wet. They're built with all synthetic materials and a water-diffusing, quick drying footbed.

STRETCHABLE

The perfect styles for feet with bunions or hammertoes or other conditions that require a little extra 'give.' Our stretchable leatherette, PU and neoprene panels mean feet will be comfortable no matter what.

FLEXIBLE

These styles feature low-profile outsoles with extra flexibility to allow your feet to move more naturally.

WIDE CALF

This symbol indicates when a product can accommodate those with a wider calf.

SCOTCHGARD™

Shoes featuring Scotchgard's™ protective treatment means these styles are water repellent and resist stains.

3M THINSULATE™

Insulation made with fibers that absorb less than 1 percent of their weight in water. It's one of the lightest synthetic insulations on the market, and helps keep feet warm, even in damp conditions.

REMOVABLE INSOLES

These styles feature insoles that can be removed to accommodate custom orthotics.

FREESTYLE COLLECTION

Experience hands-free convenience with our step-in, easy-off style footwear. The Easy On Heel makes it simple to slip in and out of your shoes. Enjoy the comfort of the Raised Heel Rail from our Freestyle Collection.

DOUBLE INSOLES

Double depth options are found with the Propét EV (Extra Volume) Insole System. Customize fit and comfort by removing the bottom insole to provide a little extra volume, or remove both to accommodate custom orthotics.

PUNCTURE RESISTANT

Products with this designation have passed ASTM F2412-11 test for flex resistance and puncture resistance for puncture resistant devices.

ORTHOLITE® INSOLES

Made with open cell, lightweight foams that create a cooler, drier shoe interior without adding unwanted bulk or weight. It's comfort from the inside out.

INTRÉPED™ INSOLE

This unique I-shaped insole structure is designed to guide the foot with medial and lateral support plus a deep heel cup helps to maintain proper alignment and control pronation.

VAPOREX® INSOLES

For additional warmth in cold weather boots and footwear, our Vaporex® insole retains heat by using a foil backing and insulating materials to keep feet warm.

SAFETY RATED

Products with this designation have a Composite Toe and have passed ASTM F2412-11/ ASTM F2413-17 test with I-75, C-75 and EH Resistance 18KV for 1 minute.

DUROCLOUD®

These styles feature our DuroCloud® cushioning foam to provide the highest level of comfort and energy return for consistent forward momentum when walking.

VIBRAM®

Styles with this icon feature Vibram's® Arctic Grip AT- ALL TERRAIN™. A compound and lug design improving grip and traction on varied surfaces while increasing durability.

SLIP RESISTANT

Our specially designed outsoles provide high grip and traction. They have been tested for slip resistance on vinyl and quarry tile floors. The test results are listed with each model.

10MM DROP

Footwear designed with careful consideration of bio-mechanics to ensure optimal comfort and performance. The heel is 10 millimeters higher than the forefoot, creating a slight incline that helps improve stability and balance.

WIDE TOE BOX

Design allows natural toe splay boosting comfort, alignment, and stability while reducing pressure and improving circulation.
